Стулья коллекции SLOT, TOGETHER, UNIK

SLOT FILL

Slot means opening cut, slit, cleft. And this chair takes its name due to this reason: the design creates the perception of a back suspended “in the air”. The product then uses a blend of transparent technopolymer which, almost imperceptibly, joins the seat to the backrest. The *Slot* collection has been developed in three main sizes and a family of stools, all of them in many different versions and finishes. Stackable, versatile, handy, elegant and refined, Slot is suitable for various uses: from community areas to modern offices, from residential to break-out.

SLOT

The *Slot* collection has been developed in three main sizes and a family of stools, all of them in many different versions and finishes. Stackable, versatile, handy, elegant and refined, Slot is suitable for various uses: from community areas to modern offices, from residential to break-out.

TOGETHER

Together: Table and Chair collection, characterized by a combination of wood and technopolymer. Aesthetically, an unusual pairing, because they constitute a real technical “tour de force”. Opposites attract: the classic solid wood, natural and warm, embracing shiny and transparent polymer, a spokesperson of modernity. The soft, clean design along with the range of colors for seat and back make Together suitable for any context.

UNIK

Designed to be used across a variety of settings, the Unik collection allows multiple blending configurations for all contract environments, from the most traditional to the most innovative. Unik is a shell with a classic and contemporary design which, together with a wide selection of colours, coverings and different versions, offers unlimited customisation options. To enhance comfort, Unik is also available with a fully padded and upholstered shell, preserving its simple and clean lines.
