Стулья коллекции SPYKER, ТЕМА, ТЕСКЕЛ, COMPACT

SPYKER

The Spyker collection is lightweight and stackable, Cunningly manufactured with coloufast and non-deformable materials, the end result strength and resistance in all types of environment. Simplicity and comfort: suited to all settings, Spyker works especially elegantly in large-scale contract installations, thanks to the bright choice of colours.

ТЕМА

With Tema Collection, organize didactic spaces becomes simple and immediate. The transition from frontal traditional lessons to group or teamwork activities takes place in a few moments, with the advantage of having your own tools (briefcases, devices, ect) always with you. Tema innovative chairs, appropriately placed in the space, encourage a creative vision and management of the teamwork. Unlike the traditional frontal teaching, with this solution the main focus is to encourage debate: the student finds itself at the “centre”, with his desire to plan, imagine and propose solutions for the future.

TECKEL

Considerable research at stylistic and ergonomic levels sums up this stylishly comfortable chair. The stackable chair, made entirely without the use of screws, allows easy and safe assembly. The generous sizes make it comfortable even for prolonged and intensive use. The handle in the backrest makes for easy manoeuvrability.

COMPACT

Lightness is an opinion. It can be light and yet weigh like lead. It can be light and as tough as steel. In Gaber chairs this assumes precise values of resistance, soft elements, durability, easy transportation. We help you with furniture that can be easily moved or put away. Compact, Gaber's folding chair, represents all these features. Compact stands out for its anodized aluminum structure and special polymer details; all folded in a minimum space of 35 mm. This folding chair works perfectly outdoors or in meeting and conference rooms, thanks to practical linking devices.
