МОЕМА

Suspended design and glossy surfaces characterize this sleek stool, available on a height-adjustable chrome base. For greater comfort and a more sophisticated look, the Moema stool seat is available upholstered with feature stitchwork. The 4-legged stool version has a generous and welcoming shell and it's available in techno-polymer, with a practical removable cushion or with fully padded and upholstered shell.

MORE ST

An extensive seating collection, for indoor or outdoor environments, versatile and stylish: More, a single techno-polymer shell that can equally well be fully upholstered, or simply enriched with a cushion specially created. The cushion adopts a clever solution: it is fixed to the bodyshell by 9 buttons, making it easy to apply or remove when necessary.

OVER

This collection of stools is characterized by a simple and linear seat, combined with a series of different basements: metal chromed finishes or metal-technopolymer co-

injected bases, in the same color of the seat. *Over* stands out as swivel and adjustable in height stool; *Square* is available only swiveling.

PANAMA

Panama adds distinctive character to any modern or classic environment. This collection of stools and chairs, made of durable high quality materials, is characterized by contemporarily soft lines, generous sizes, and various fun colors. Also available with comfortable armrests or a padded and upholstered seat and /or backrest.

PRODIGE

Available in two different heights, suitable for residential use as well as for the most demanding hospitality projects, the *Prodige* stool has a wide range of playful colors, both for its technopolymer shells and its metal frames.
