Табуреты ROLLER, SLOT FILL, ТЕМА ST, KASIA

ROLLER

The playful shapes created by the *Roller* family of stools and tables make indoor and outdoor environments more fun and complete. The different heights and finishes help Interior designers in their search for the most suitable product. The development of the *Roller* family through injected technopolymers makes the product smooth, easy to clean, and suitable for intensive use.

SLOT FILL

The *Slot* stool is part of the Slot chair collection, sharing simple and multi-functional design that makes it ideal for contract or community environments. *Slot* stools are available on four legs, with either metal or timber frames, and at two different heights. The padded and upholstered version, is enhanced with feature stitchwork, whilst maintaining the essential design aspects of the Slot family.

TEMA

Tema stool is created for use in conference rooms, meetings or public spaces, fits with elegance to the most prestigious hospitality settings. Available in two different heights or with swivel and adjustable base with castors, the Tema stool stands out for the practical armrest integrated into the shell-body, for greater comfort. A comfortable padded and upholstered seat cushion is available as an option.

KASIA

Kasia stool delicately enhances the idea of comfort and hospitality, even for refined outdoor environments. The metal structure is treated for resistance to atmospheric agents, and combines with the techno polymer finish to enhance comfort and the possibility of customization for the most demanding contract projects. Stackable for the everyday needs of bars, restaurants and hotels, Kasia adds a touch informal elegance to any commercial setting. Kasia Wrap Stool, enriched by skillful padding and upholstery, offer an attractive and customizable appeal in an infinite number of combinations.

SANELA

Sanela Stool is a modern seating solution featuring polyester-reinforced Italian rope, with an acrylic core: this is UV resistant and suitable for outdoor use, stainresistant, water-oil repellent with Teflon treatment. The rope is wrapped around the stackable steel frames of Sanela. Designers can choose from a choice of rope and frame colors, with the option of decorative cushions, in order to set off prestigious installations, both indoors and out.
